Subject: Virginia Sloan called

Hi All,

I thought I would sent a quick follow up to a call I received from Virginia Sloan. I discussed this with Cynthia and Rob, but wanted to just make sure the rest of you are in the loop as well.

She asked when I would be getting involved in CFAC, which I replied I that I have been working with Rob, Cynthia and Mark as we move forward with the AOC and SOW. She asked if I had ever heard of Mary Green Communications out of WV, and I let her know I had not. She let me know she was meeting with them and that they were hired by Glencore to help with their message in response to the listing.

We talked about the listing in general and she wanted to know if people who have already provided comments or questions had to resubmit them now that it is officially published? I told her I would check. Cynthia is following up on this for me.

Otherwise it seemed like she was just checking in.

Mike
